

EXPERT GUIDANCE. PROVEN DELIVERY.

A dedicated OT consulting practice built for large, multi-site manufacturers from strategy through to delivery.

SENIOR-LEVEL Deep cross-industry expertise at every engagement.	MULTI-SITE Designed to pilot, scale, and roll out enterprise-wide.	EXECUTION We build the roadmaps and then execute them.
<i>Digital Transformation Strategy & Roadmap</i>	<i>MES/MOM Consulting & Implementation</i>	<i>Industrial DataOps & UNS Architecture</i>
<i>AI Strategy & Roadmap</i>	<i>MES Performance & Architecture Assessment</i>	<i>ERP Integration & Middleware</i>

MATURITY ASSESSMENTS

An honest picture of your current state, your gaps and what to prioritize.

SIRI
Smart Industry Readiness Index
Internationally certified I4.0 framework. Global benchmarking across 60+ countries.

CESMII
Smart Manufacturing Roadmap
DOE-backed framework. Gap analysis and strategic roadmap with prioritized investments.

FIND YOUR PATH

We assess, design and roadmap before you commit to anything.

MES Navigator
Assessment, platform-agnostic requirements, architecture, and phased roadmap.

DataOps Navigator
UNS architecture design, OT/IT data contextualization, implementation.

AI Navigator
AI readiness assessment, use case evaluation, and bounded pilot definition.

READY TO DEPLOY?

Pre-built. Configurable. Live in weeks, not months.

OEE Accelerator
Overall Equipment Effectiveness
Production tracking, downtime classification, and enterprise OEE dashboards.

SPC Accelerator
Statistical Process Control
Control charts, rule violation alerting, and compliance reporting for F&B, Pharma, and CPG.

Start with a discovery call.
Bring us your toughest multi-site OT challenge.
